# 18<sup>TH</sup> EUROPEAN NARCOLEPSY MASTER CLASS

*Dear colleagues, patients, guests and friends,*

The 18<sup>th</sup> European Narcolepsy Masterclass is an half day symposium with participants from all over Europe. All aspects of narcolepsy will be covered: epidemiology, neuroanatomy and biology of sleep and wake, etiopathology, symptomatology and treatment. Furthermore there will be industry sessions. There will be a specific focus on practical issues: interactive case discussions on diagnosis and differential diagnosis.

Due to the current Covid-19 pandemic and related national and international restrictions, the Board is currently monitoring the situation to define as soon as possible the final format for the event.

The Board strongly desire to keep the usual in-person format and consequently to be able to welcome onsite as much people as possible.

A final decision will be taken in the next months according to the general worldwide situation.

*Warm Regards,*
